

American Indian Languages: The Historical Linguistics of Native America (Oxford Studies in Anthropological Linguistics)

Filesize: 2.63 MB

Reviews

This publication is definitely not simple to begin on studying but really exciting to read. It is actually really fascinating through reading time. Your life span will be enhanced when you complete looking at this publication.

(Laurence Littell)

AMERICAN INDIAN LANGUAGES: THE HISTORICAL LINGUISTICS OF NATIVE AMERICA (OXFORD STUDIES IN ANTHROPOLOGICAL LINGUISTICS)

Oxford University Press, 2000. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "[a] masterful volume. American Indian Languages is of great value to anyone hoping to gain a clear understanding of the current state of Native American historical linguistics. [a] treasure trove of encyclopedic data."--Word "Campbell's book can serve both as our manifesto and as our textbook."--Language in Society "This is an excellent book, an extraordinarily useful volume for anyone whose work and interests involve languages of the Americas or, more generally, the methods and results of historical linguistics. This is a true and thoroughly authoritative handbook."--Mother Tongue "It's the kind of book I wish had been available when I was a student and would have saved me many long hours and fruitless searches in libraries. It will be used for a long time to come and well after the furor about Greenberg has died down."--Margaret Langdon, University of California, San Diego "A wealth of useful information is provided. The author has compiled and sifted information from a vast area of scholarship, making this as complete and up-to-date a guide to this subject as one could wish."--Choice "A tremendous amount of information has been assembled here. Anyone needing any sort of information or guidance on this subject will want to consult this book. Campbell's discussion of the history of classification is the most detailed and extensive anywhere. He has read extremely widely in many languages and tracked down many obscure items in the secondary literature."--Diachronica.
