Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Statistics are a very important job of any professional or amateur player who has decided to get serious about improving its golf. The aim of statistics is to provide information to the player on his level in the different aspects that make up the game, help him to develop a better understanding of his abilities that he can use in his rounds (in the definition of the strategy of each hole, for preferred shoots searching, situations to avoid,) to structure training workouts efficiently, etc. In summary, improve his level. UGPM Statistics Books are designed to ease the registration and calculation of your golf rounds stats by providing a series of input sheets designed specifically for this purpose. The main goal of our statistical system is to provide us with sufficient information on the rounds of our players and at the same time keeping it simple and quickly to fill in. Our stats system include: Score, Fairways in Regulation, Greens in Regulation, UpDowns, Sand Savings, Putts, Penalties and Distance to Hole in the Shoot to Green and First Putt. A detailed explanation of this metrics and how to calculate them are included within this book. UGPM Statistics Books have been designed by UGPM, the first college golf programme of Continental Europe and one of the very few of its kind outside the United States. Our stats books design benefits from our broad experience in working with college golfers. In addition, developing a discipline of collecting and storing information on your rounds can be helpful not only for yourself but also for others interested in your golf, such as coaches, scouters, etc. To get the most of...
