Only to find himself becoming more like a son to the stranger, and eventually ending up just like his teacher - a landlord. Now after more than thirty six years and growing as a landlord, he shares some funny stories about his experience as a helper and on his own, he explains what it really takes to be a landlord. More important he wrote this book as a tribute to the man who not only became like a father to him, but also restored his confidence in his own self esteem. Together they were the greatest team mates not only on business but also in life.
