ANECDOTA OXONIENSIA CLASSICAL SERIES VOLUME 1, PTS. 1-5

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 22 pages. Original publisher: Washington, DC : U. S. Dept. of Justice, Office of Justice Programs, National Institute of Justice, 2003 OCLC Number: (OCoLC)54052252 Subject: DNA fingerprinting. Excerpt: . . . Report to the Attorney General on Delays in Forensic DNA Analysis C. Provide forensic DNA analysts with up-to-date training and continuing education Several agencies and organizations provide training opportunities for DNA analysts, including components of the U. S. Department of Justice, the American Academy of Forensic Sciences, the National Center for Forensic Sciences, the National Forensic Science Technology Center, and some State and local training organizations. Private corporations also sponsor training programs. These programs enable the valuable exchange of ideas on such issues as emerging technologies and efficient laboratory operation. NIJ recommends a comprehensive national strategy to continue the professional development of experienced analysts. Recommendation 5: Provide Training and Education to Police Officers, Prosecutors, Defense Attorneys, Judges, Victim Service Providers, Medical Personnel, and Other Criminal Justice Personnel Key players in the criminal justice system should be trained in the proper collection, preservation, and use of forensic DNA evidence. Fundamental knowledge of the capabilities of DNA technology is essential for police officers to collect and store evidence properly, prosecutors to introduce it successfully in court, and judges to rule correctly on its admissibility. Victim service providers should be trained to inform victims about DNA evidence and its potential impact on a case. Defense attorneys and others in the court system also should be provided with information about the capacities and limitations of DNA technology. A. Train law enforcement officers in crime scene evidence collection and in emerging applications of DNA evidence As first responders to crime scenes, law enforcement officers must be able to identify, pr.
