Brand New Book ***** Print on Demand *****.In How to become best Parents Padmini Dutta Sharma has chronicled the saga of her own experience as a parent alongside those around her with real life illustrations and anecdotes. Although this book does not fall in the fiction genre, all the chapters in this book have been backed by real life stories for the readers to easily connect. This book trails the journey of parenthood from infancy to adolescence, advancing to adulthood. Her techniques are well proven and pragmatic in the sense that her narrations on personality typology are cogent and engaging; if the readers follow even fifty percent of what has been advocated they can bring about a huge paradigm shift in their existing parent child dynamics. Parenting according to Padmini is the most difficult job. Here one cannot cheat and get away; the journey is checkered with bumps and pit falls. The author has envisaged the traumas of parents with difficult and not so difficult children and she has penned ways of overcoming the ongoing stress painlessly. This book has been written after thorough research and observation; she disagrees with the usual and routine ways of parenting children where they are lashed and rebuked verbally and physically to gain control. She believes children must not...
