## IRON FIST

Scholastic. Paperback. Book Condition: new. BRAND NEW, Iron Fist, Andy Briggs, Hiding the most advanced technology and weapons to keep the world a safer place is a good idea. Storing ALL of them in one place? That's when the trouble starts. Hidden under a small suburban town THE INVENTORY is a collection of the most incredible technology the world is NOT ready for: invisible camouflage, HoverBoots, indestructible metals and a giant battle robot just for starters\ . Lots' Dad is the mild-mannered curator of The Inventory, and she gets to see some CRAZY things. The Russian \"Iron Fist\" is a colossal war robot, built during the Cold War. Once the Iron Curtain fell, the mechanical giant was written out of history and kept secret in The Inventory \ - now it has been stolen, along with some other serious tech. Alerted to the missing items The Inventory, usually devoid of people, is flooded with mission teams setting out to follow the trail of the thieves, only to be stranded and locked out of communication. Using invisibility camouflage, the thieves have hidden inside and now they're in control. Alone on the inside, Lots must find a way to get her Dad and The Inventory teams back and stop the anonymous thieves. Lots and two friends from Edderton, the town above, use everything at their disposal in The Inventory to stop the thieves, uncovering a hidden evil ring who escape\ . with some serious tech.
