

I Am: The Wake of Postpostmodernism (Paperback)

Filesize: 4.09 MB

Reviews

This published publication is fantastic. it had been writtern very perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Junius Herman)

I AM: THE WAKE OF POSTPOSTMODERNISM (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.We are more curious than we have ever been and with such a surplus of information, we can never be satisfied. The whole collective and growing body of literature ensures the mental progression of mankind so that each new person does not need to start from ground zero. Thoughts and ideas are transferred and history is laid out in all the world s novels (and hyperlinks). Or anyway, that s what they say. Literature needs to be legitimate. It s our cultural capital. Build that sandcastle in the air as sturdy as you can, that s the only way people will want what you re producing! My goals lie in playing with that divide between the academic and the creative, thinking about binaries that are not the usual ones, and embarking on a process of discovery. Process is the key word here. In any discipline, a process is laid out before you and you are given the opportunity to make it your own. A reader or anyone engaging with a process can either merely take it in and leave it behind or they can use their mind to creatively build on what is set before them. I provide the process I went through by providing the sources of my knowledge-quest in an order that I see fit. Through my forms of expression and the turns I choose to take in exploring the concepts that I consider important to this discourse, I hope that my reader will be able to take the next step, to branch out, to make their own discoveries. However, if that cannot happen, I also hope this will be at least an interesting read.
